Join us!

NADA/F has promoted and passed safety and security initiatives during the past ten years, but 2007 will provide the public forum we need to advance our goals. We must demand . . .

- The common highest safety and security standards for all aviation,
- Transportation security to reflect the threats of today and the future, and to
- Strengthen The Family Assistance Act to provide information, support and justice for family members.

Join us to welcome old and new friends for the February 2007 meeting!

Meeting Goals

To review where family members have successfully promoted aviation safety and security—from Pan Am 103 family members who began in the late 1980s and passed the first aviation security legislation—through today, and to define safety and security goals to be sent to the House and Senate Committees, the FAA and NTSB. The new Congress will pass the FAA Reauthorization Bill late 2007, and Congress needs to hear from us! The last FAA bill was four years ago, 2003, and there is much work to do.

NEW location!

- [Embassy Suites Hotel](#), Arlington VA Close to Washington National/Reagan Airport.
- Free shuttle bus to the airport.
- Call **(703) 979-9799**
